

Sharing Samples of Student Work for the Presentation CBA

Each teacher of 3rd year students should submit four presentations for the Subject Learning and Assessment Review Meeting. Where feasible, these samples should **contain an example at each of the four descriptor levels**, and reflection sheets. The information will be used to create a running order for our upcoming Subject Learning and Assessment Review (SLAR) meeting. As we may not have time to discuss all 4 samples, please number the pieces 1 to 4. 1 should indicate the sample that you would most like to discuss at the SLAR meeting.

Please submit your samples to me by _____
